**PROJECT DESCRIPTION**  
Heart Construction was pleased to be involved with a special program that offers students enrolled in the YouthBuild Midtown Construction Training program to work with a general contractor on a housing project. Under this program, Heart Construction completed construction of a 4 bed /2 bath home and provided important skill training to those enrolled in the program.

The home was subsequently rented to a local family who was at, or below, 80% of the area's median income.
